La Chouette Cider

France

Type: Cider/RTD, Cider

Producer: La Chouette

Product:

La Chouette is a semi-sweet craft apple cider at 4.5% alc/vol, produced and bottled in Normandy, France. As a "pure apple juice" cider (or "cidre"), La Chouette is not made from reconstituted apple juice and contains no added sugar, water, colouring or flavouring. La Chouette is naturally gluten-free. Made from a selection of apples from traditional orchards around Mont-Saint-Michel, La Chouette will surprise you with its natural golden colour and pristine apple flavour, fruit of the French savoir-faire.

Best served chilled at 8°C. Santé !

Producer:

«La Chouette» - som betyr "uglen" på fransk - refererer til den overraskende forbindelsen mellom nattfugl og fransk cider. I tradisjonens tro, laget mange bønder i Nord-Vest-Frankrike sin egen cider med epler fra sine frukthager. Faktisk ble cider laget i fjøs hvor ugler kan ofte kunne observeres under taket.

Detailed Information

Goes Well With

Characteristics
