Want to know what's crazy? If we hadn't met over beers in a tasting room in San Francisco, we would still be working in highrises and struggling against the current of chaotic city life. Instead, we crafted a crazy brewery scheme and followed our hearts to Colorado where our lives are filled with passionate pursuits: brewing the finest craft beer, skiing Vail's infinite Back Bowls, fishing clear mountain streams, hiking with our dogs...basically loving life in the beautiful Rocky Mountains. Crazy Mountain Brewery is the Vail Valley's first production brewery, but really it's a declaration of freedom. We say crazy is, as crazy does, so drink up and live the life you want!
