USA

**Type:** Micro/craft øl, Stout / Øl, Stout

**Produsent:** Founders Brewing Company

### Produkt:

The coffee lover's consummate beer. Brewed with an abundance of flaked oats, bitter and imported chocolates, and two types of coffee, this stout has an intense fresh-roasted java nose topped with a frothy, cinnamon-colored head that goes forever.

We've long believed in using only the best ingredients, knowing they result in the best flavor. With a beer like Breakfast Stout, a harmonious combination of oats, chocolate and coffee, it's crucial that each of those ingredients are of the highest quality. Our hometown neighbors at Ferris Coffee and Nut embarked on an ambitious journey to win back their role as roasters of the coffee used in Breakfast Stout. Much like we did in our early years, this meant questioning the status quo and making a bold commitment to only produce the very best. This is the story of Breakfast Stout.

### Produsent:

Founders Brewing Co. ble etablert i 1997 av to mikro-øl entusiaster, Dave Engbers og Mike Stevens. Med sine hverdaglige jobber og drømmer, brygger Founders Brewing Co komplekse og kraftfulle øl, med mye aroma og smak. Founders er rangert blant de 30 største mikrobryggerier i USA, og er en av de raskest voksende. Bryggeriet ligger i sentrum av Grand Rapids, Michigan, og stifterne er et stolt medlem av Michigan Brewers Guild og Brewers Association. Founders-familien har vokst opp rundt denne enkle filosofi: "We don't brew beer for the masses. Instead, our beers are crafted for a chosen few, a small cadre of renegades and rebels who enjoy a beer that pushes the limits of what is commonly accepted as taste. In short, we make beer for people like us."
